3. Come up with a group name!
4. Decide what project your group will be working on.
5. Unceasingly pray for the members of your group.
6. Remember that the purpose of the projects is to dig in to the main burden of the messages.
7. If you finish early you can add a verse to your song, make another Kahoot, or fellowship about how you can use your gospel tract.
8. “Rejoice in the Lord always; again I will say, rejoice.” -Philippians 4:4

If you have any other questions you can text Jonathan Hoekema 949-266-4079

Let the word of Christ dwell
in you richly in all wisdom,
teaching and admonishing
one another *with psalms
and hymns and spiritual songs,
singing with grace in your
hearts to God.*

—Colossians 3:16

Instructions

1. The Plan

After each message (1, 2 and 3) write one verse of your song with your group, corresponding to the burdens of the messages.

2. The Goal

Present the song you corporately produced during the presentation meeting. You will have a summary of the conference that you can enjoy and keep in your heart for your whole life.

3. The Way

First, choose a melody that your group will use. Some suggestions: “Just Taste and See,” “O I’m A Man,” or “God Eternal Has A Purpose.” You can use any melody you like.

Second, count the syllables in the first line of the song and then compose a line from the outline, verses, or your notes that has the same number of syllables. After composing a line, sing it together to see how it sounds. Continue this way, line by line, until you complete the verse. Sing it through together. Repeat this process until you finish the song.

Work together and be open for adjustment.

For further fellowship regarding songs see the following video from Southern California Blending Conference.
